

Renewal & Restoration Spiritual Retreat

Abiding In Christ

Saturday, 6/27/2015, 8:30am – 4:30pm
June Lake, California

Elevate Emotional and Spiritual Intelligence

Are you looking for a deeper intimate relationship with Christ? This spiritual retreat focuses on developing Christian character through the integration of Christian spiritual formation & disciplines, social competence exercises and leadership tools supported by biblical scripture and spiritual practices modeled after Christ's practices of relationship - communion with His Father and community with His disciples. Abiding.

Research shows that highly effective leaders have a higher level of Emotional Intelligence. Spiritual Intelligence takes it to a heightened deeper understanding. We are all leaders in our circles of influence from our personal lives to our professional roles. It does not take a title of authority to be a leader.

Participants will study the five components of Emotional Intelligence (self-awareness, empathy, social skills, self-regulation, and motivation) with a deeper understanding through intimacy with Christ. Abiding.

This retreat is designed for EVERYONE!!
